A BOOK which tells the story of a Helensburgh couple who were both noted artists was launched at a reception in the burgh library on April 19.

'Ted and Elizabeth Odling — Artists of the West of Scotland' was put together over three years by their children, Noelle, Christopher and Nicholas. It combines their life stories with many examples of their work.

The formal launch was conducted by Nick, from Port Seton, East Lothian, accompanied by his wife Kate, son Gylen and daughter Morvern.
